## The new parka

This staple coat is available in a million variations, but the just-below-the-waist length teamed with an enormous hood and ultra-soft jersey outer layer makes this iteration particularly great — and as close as you'll get to walking in a cozy sleeping bag.

## The (subtle) statement coat

We love showstoppers, but if you're looking for maximum versatility, go for strategically placed embellishments—like stand-out cuffs, hemlines or collars with a bold trim.
